

# THANK YOU!

FOR DOWNLOADING OUR PRODUCT

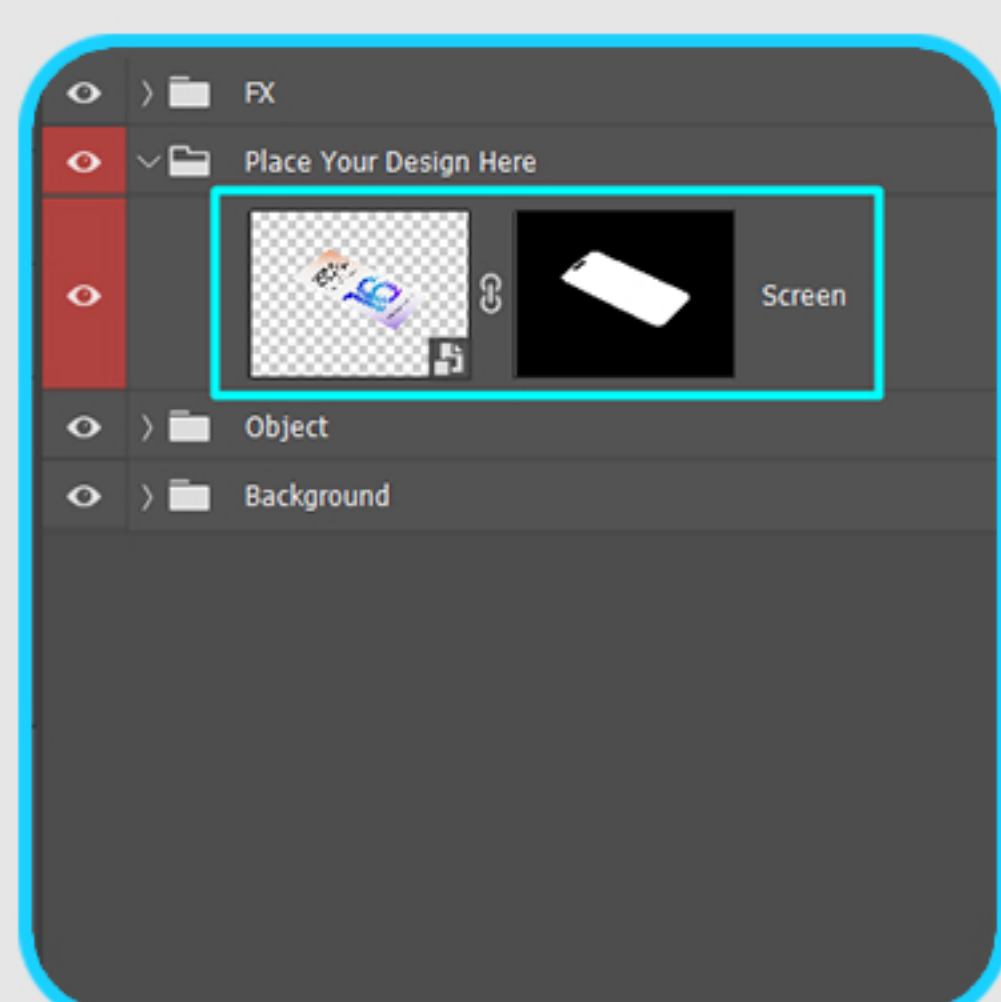

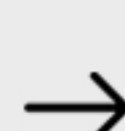

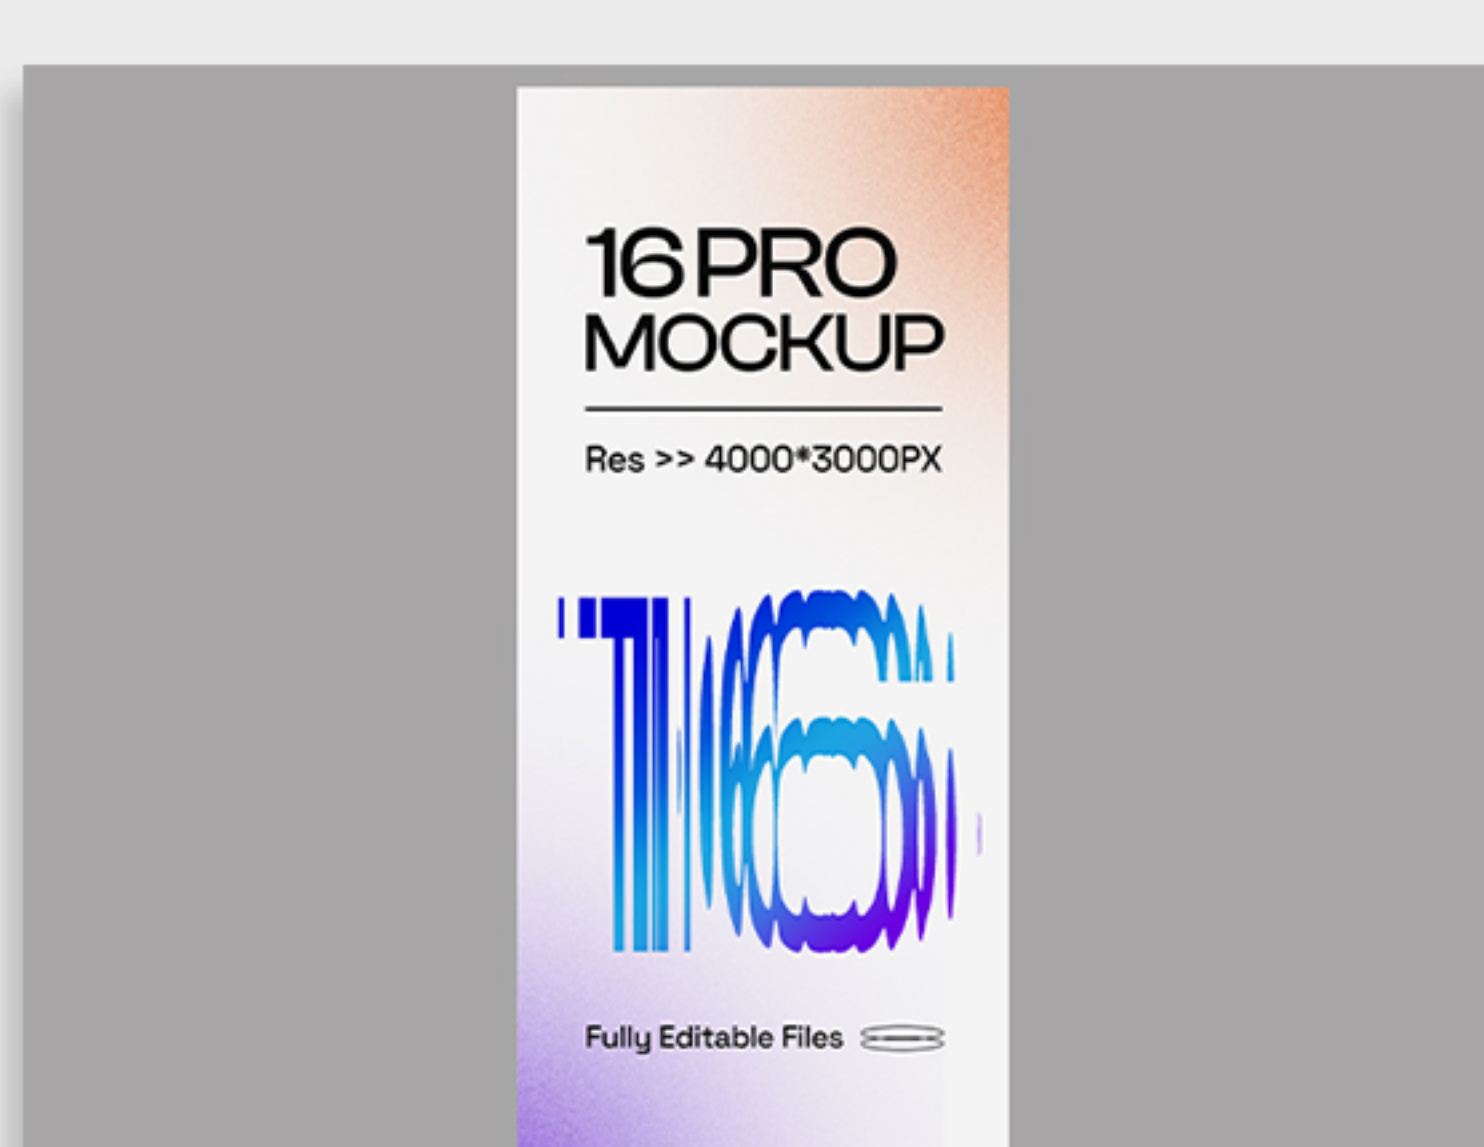

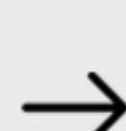

## USER GUIDE

In this user guide you will learn about the process how to customize this mockup, if you still have any question please contact us : [xvectinfo@gmail.com](mailto:xvectinfo@gmail.com)

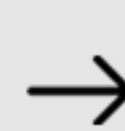

### Changing the Design

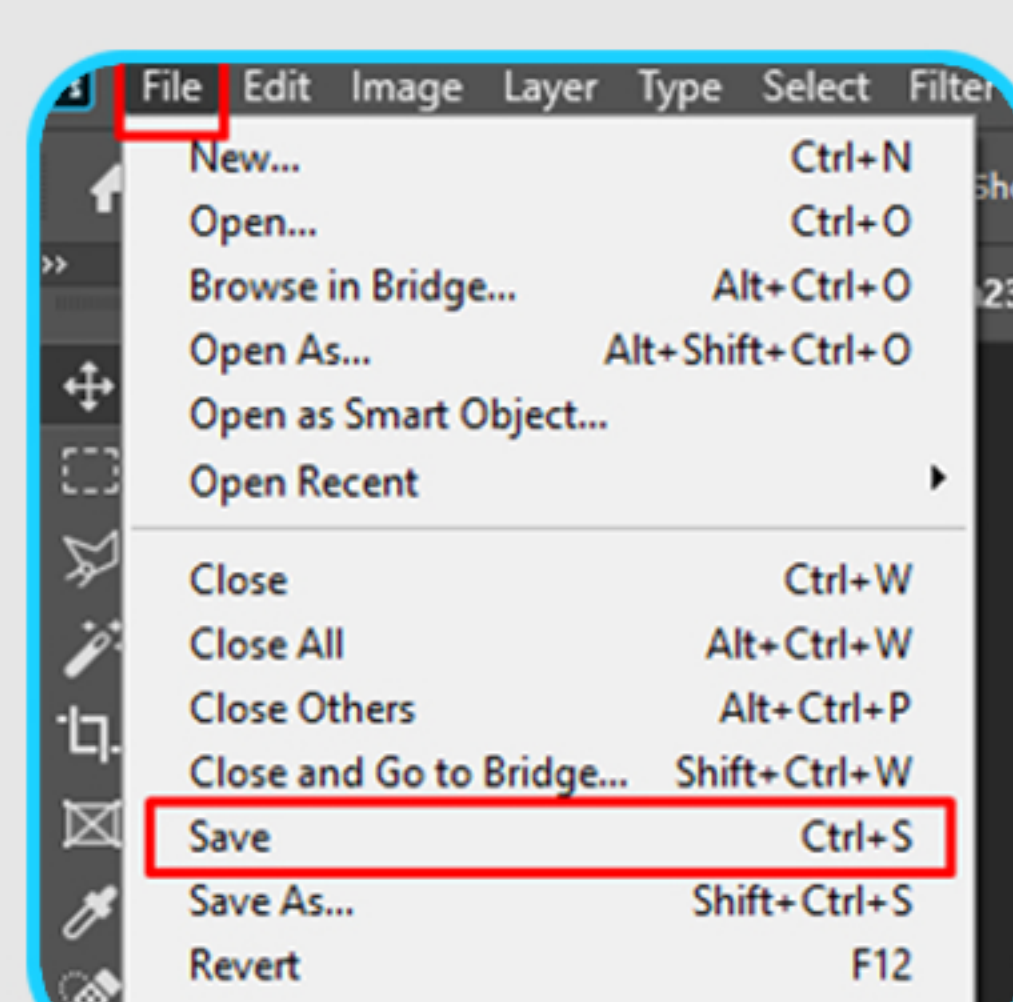

02

Double click on RED Smart Object Layers thumbnail Inside "Place Your Design Here" Group

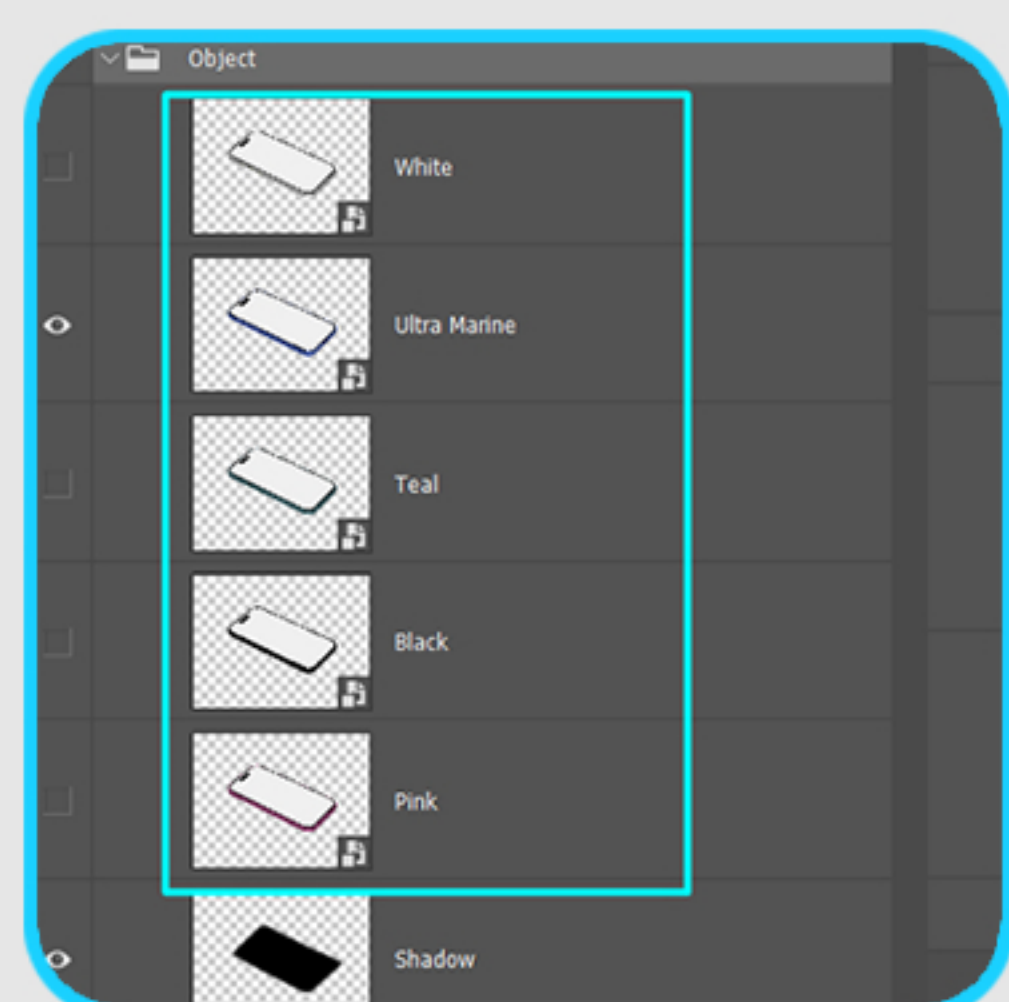

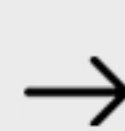

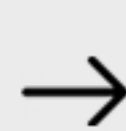

A new window will open. Add your design, Adjust the design to your preference and save the design.

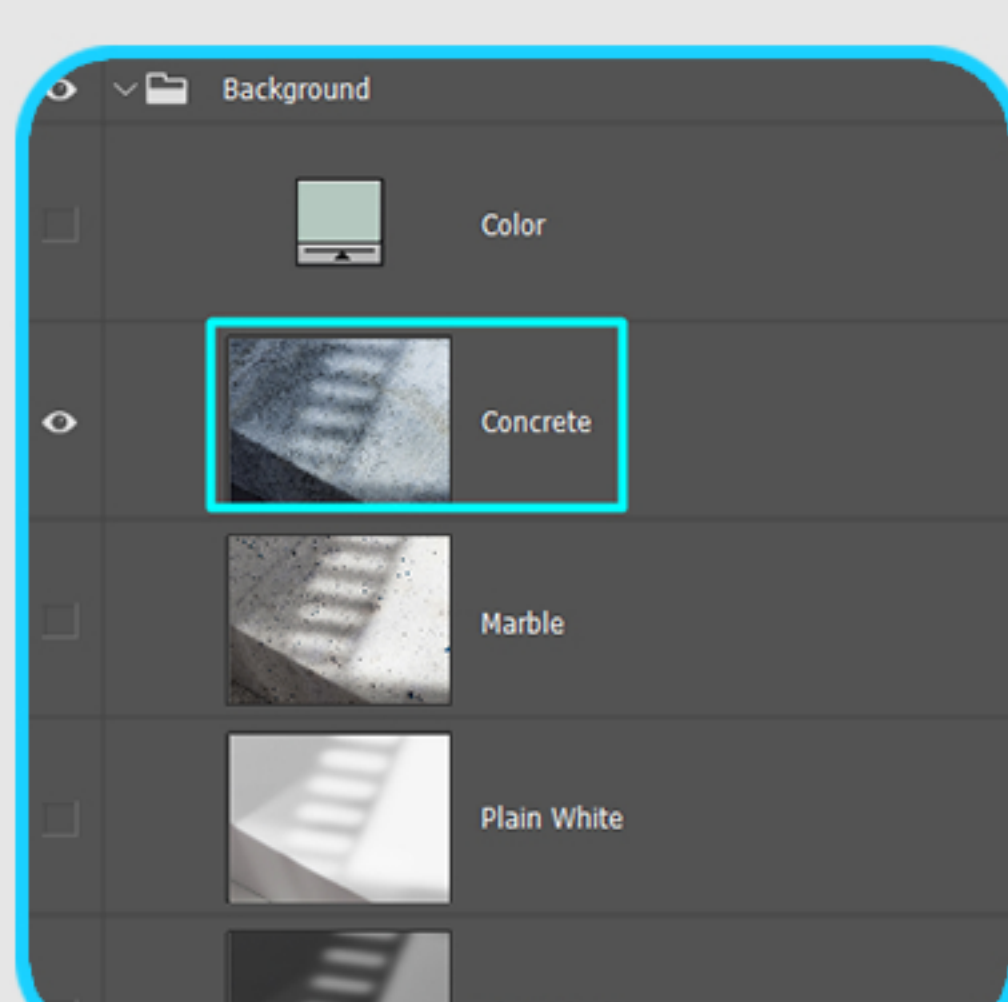

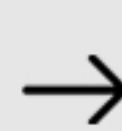

All changes will apply instantly to your file and Mockup will be ready to use.

### Changing object and Background Color

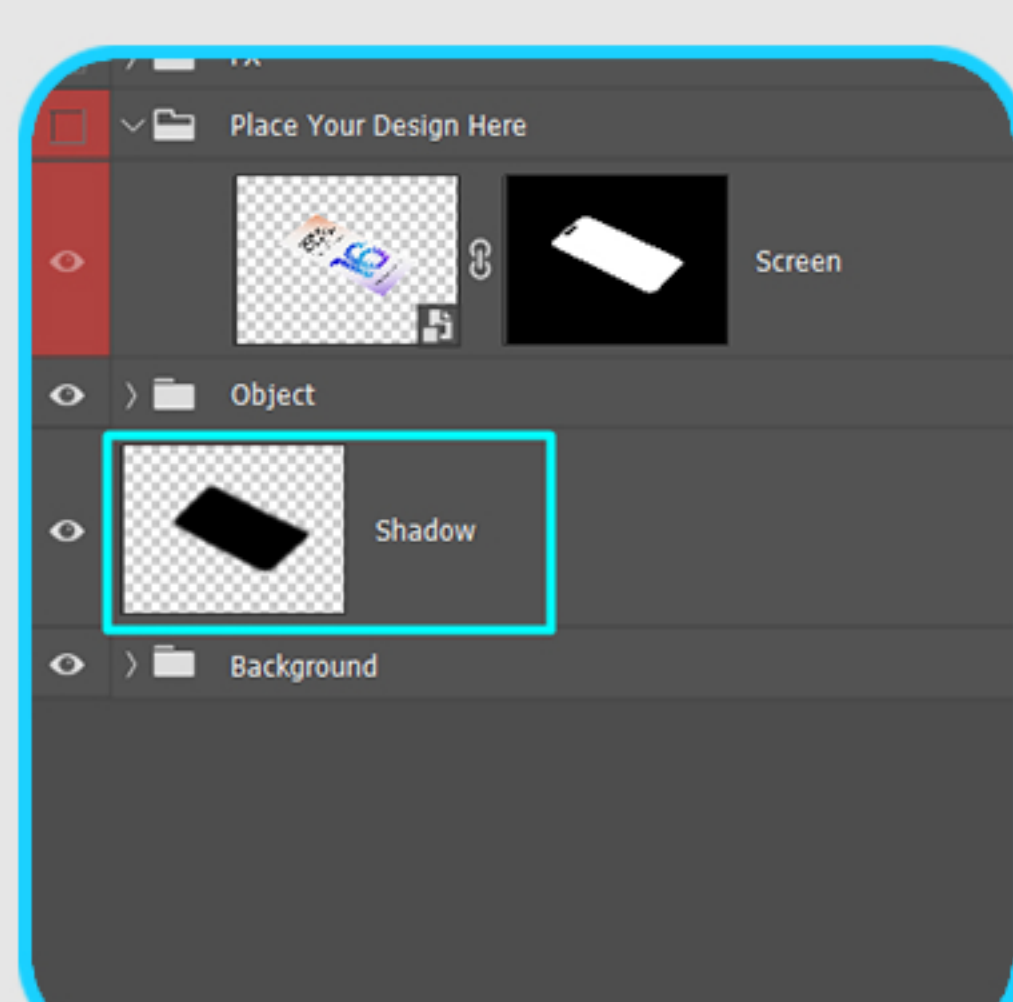

03

You can change the color of the object by adjusting the corresponding layer inside the "Object" group.

You can change the Background Color from "Color" layer inside "Background" group.

You can change the intensity of Lighting by changing the opacity of the "Shadow" layer inside "Object" group.

We hope that this guide was useful to you. If you need more help, or you'd like to share us some advices, feel free to contact us:
